

Dear New Prairie High School Parents,

I hope this letter finds you well.

We are thrilled to have the opportunity to work with New Prairie High School students again! Last year, a group of 20 students enrolled in our pilot program and used our online curriculum to build their math, reading, and writing skills in preparation for the SAT. **Reports show these students raised their scores on average by 100 points on the SAT – a game-changing score improvement.** We were ecstatic to have played such a valuable role in these students' academic careers, and look forward to doing the same for your child.

**As you know, the college admissions process is becoming increasingly competitive.** How important are test scores?

It is clear that test scores matter. **A good performance on the SAT improves a student's chances of getting into top schools and winning scholarships and merit aid.** Is your child prepared to score well?

**PrepMe wants to help your child prepare for the SAT** by offering our adaptive online learning technology. Through an initial diagnostic test, our program is able to determine your student's individual strengths and weaknesses and then create a personalized, week-by-week study plan for his or her learning needs. Your child's PrepMe SAT program will include 91 lessons, 63 quizzes, 1 full-length online SAT exam, and 10 full-length SAT practice tests found in *The Official SAT Study Guide* (In total, that is over 60 hours of comprehensive study material.). PrepMe also offers elite tutors who have scored in the 99<sup>th</sup> percentile and are available to help your child 24/7.

**PrepMe is a huge fan of New Prairie High School and wants to continue to work with its students.** As such, we're offering significant discounts (up to 60% off) to families at New Prairie High School. Here are the available offers through your school:

- (1) **\$139.99 – PrepMe SAT Basic Program** (retails for \$299.99) - offers 60 hours of lessons, quizzes, and tests. Includes personalized, week-by-week planning. Comes with 100% score guarantee.
- (2) **\$339.99 – PrepMe SAT Premium Program** (retails for \$499.99) - offers 60 hours of lessons, quizzes, and tests. Includes personalized, week-by-week planning and 24/7 chat/email tutoring. Comes with 100% score guarantee.

**To take advantage of one of PrepMe's offers, please fill out the attached form and return by November 31, 2010.**

We look forward to working with you!

Regards,  
PrepMe Team
