

NPUSC

iPad Protection Plan

OVERVIEW

Available for new or used devices, New Prairie Device Protection Plans are specifically geared to provide peace of mind to schools & parents of students who use iPads in a learning environment. Full coverage includes: accidental drops, electrical breaks, surges and more. Insurance can be purchased through the 2021 - 2022 registration process.

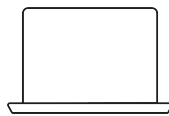

In the event that a device is unrepairable and replaced in like, the initial coverage and agreement will have been deemed fulfilled and all obligations completed. The previous policy does NOT transfer to the new device. Therefore a new policy will need to be purchased on the replacement in order to continue coverage.

***Please note that theft or loss are not included in the insurance program.**
