## ***From the Principal***

**MR. HEINOLD**

Happy Spring!

After we return from break, we will have a little bit of time before entering into the ILEARN testing window for our students in Grades 3-5. It is important for students during this time that they get plenty of rest, eat good meals, and get lots of encouragement to show what they know!

We also have many opportunities early in the month for families to continue to get involved in the happenings at Prairie View Elementary. From the monthly PTO meeting to our semi-annual Title 1 family event, we invite all of our families to stay involved in the Bobcat community!

If you have any questions, do not hesitate to reach out. Go Bobcats!

# Information from Around the Prairie

## **From the PTO**

PTO Board nominations will be submitted at the April PTO meeting. We have open positions for Vice President and Secretary, but all nominations are welcome. All interested parties should attend.

Be sure to join us at the next meeting for more information and to be a part of the community that continues to seek ways to support and celebrate our students. You may always contact the PTO Board at PTOPE@gmail.com for more information.

## **Dr. White PLC/RTI Building Presentation**

On Wednesday, April 13th at 6:00pm in the PV library, Dr. White will be hosting an informative meeting regarding the Professional Learning Community process that NPUSC is invested in to ensure high levels of learning for all students. There will be additional information that evening from PV staff members about the effects of the process for teaching and for implementing interventions to assist in meeting specific student needs.

## **Title 1 Family Night**

This month, we are having a Title 1 Family Night. We are inviting all of our families to come and enjoy some time together. There will be games, snacks, and a great time to hopefully learn something new!

As a Title 1 school, Prairie View receives federally funded financial assistance that gives additional instructional services and opportunities to students who are identified academically at risk. By having family events such as these, we can provide opportunities to connect families and the school community beyond the walls of the classroom!

## **ILEARN**

All of our 3rd, 4th, and 5th graders will be taking this Indiana assessment during the weeks of April 18th-May 13th. This assessment will help us identify areas of strengths and focus for the following year. We will be encouraging all of our students to get plenty of rest, have a good breakfast, and be prepared to show us what they know!
