

Student Services Newsletter

Tia Kolasa, MSW, LSW

Melissa Kuczanski, School Counselor

Rolling Prairie
Elementary

Last month we shared the 6 Basic Human emotions ([click here](#)) with your children here at school, and in our first newsletter to families.

Posters will be placed throughout the school building for all adults to use the same idea and language presented on this poster.

Emotions are different than feelings, in that emotions are the alarm systems within our brains that alert us when things don't feel "right" or when they feel content.

Feelings are all of the other words we use to further explain the basic emotions we may be experiencing.

Together, school and family adults can work together to build emotional language for our students.

October 2023

Citizenship Highlight: Powerschool

Resources

Citizenship Highlight

Parents will receive Powerschool Passwords from their child's teacher at parent teacher conferences or sooner. Students have been given their passwords in Citizenship Class. They've received guided instruction on how to navigate the program, giving them real-time access to their grades for the rest of their school experience with New Prairie.

Powerschool Is our Student Information System (SIS). It is the program NPUSC uses to store grades, attendance and all other information specific to your student. Parents have access beginning in Grade 2.

Resource of the Month Swanson Center

Child and Adolescent Services

If your child is struggling and you're unsure about what to do, we can help. Because every child has their own unique strengths and needs, a thorough assessment and comprehensive treatment plan is crucial to properly help them. Our goal is to assist the children and families we serve and improve their emotional, physical, psychological and social health through

a variety of treatment options.

- Evaluation and testing
- Psychiatric evaluation/medication
- Individual, family and group therapy • Case management services
 - Substance abuse counseling
 - On-site school programming (LaPorte, New Prairie and Michigan City)
 - Consultation and education
 - Trauma-based care
- Individual and family home-based services
