I. BOARD WORK SESSION – 2026/27 District Goals

The New Prairie United School Corporation Board of School Trustees will hold a formal Work Session with District Leadership, Building Administrators, and Teacher Leadership to discuss and develop district-wide goals for the **2026–27 school year**.

The purpose of this Work Session is to provide an opportunity for the Board and district leaders to engage in **open, honest, and meaningful conversations** about the current state of the district, identify areas of focus, and determine priorities that will support continued growth and improvement.

By the conclusion of the Work Session, the goal is to have identified clear and meaningful district-wide goals for the 2026–27 school year.

The Board will then consider formal adoption of these goals at its **September 28, 2026, Board meeting**. Once approved, the district-wide goals will be shared with the public through the following:

- Each district website
- The district's Facebook page
- Display in the Board room

The Board appreciates the participation of district and building leadership and teacher leaders in this important process and looks forward to working collaboratively to establish goals that support **High Levels of Learning For ALL Students**.
